

Triple Success!

Isaiah Odum, Brandon Goodman and Casey Mobley started the SNAP Program in August 2016. At that time, they were enrolled at Virginia Highlands Community College in the Machine Operators Class and in our Mount Rogers program.

Isaiah was already in our program in Bristol with Lorraine Heath, but transferred to our classes at the Higher Ed Center. Here, Isaiah, completed his GED, CRC, Soft skills training and the Microsoft digital Literacy. Isaiah is a very intelligent young man with a lot of ambition. He was home schooled, has a job in Johnson City as a gymnastic instructor and is very involved with helping care for his family.

Brandon, also, was already enrolled in Mount Rogers at the Bristol Library with Tamara Grimm. He transferred to the Higher Ed Center where he completed his GED, CRC, Soft skills training and the Microsoft Digital Literacy. Brandon is a dedicated young man and determined to succeed. He has a job with Food City in Bristol, TN. Brandon has overcome many personal and educational obstacles and is on the road to success.

Casey had already received his GED from Mount Rogers in 2008. He re-joined the Mount Rogers Program and completed his CRC, Soft skills training and Microsoft Digital Literacy. Casey has worked very hard to obtain the goals that he has set for himself and has overcome many obstacles.

All three young men have also successfully completed 23 credit hours at Virginia Highlands Community College in the Machine Operators Program. They graduated on May 12, 2017 from VHCC with Academic and Presidential Honors.

We are proud of these young men and wish them much success in the future!
